## Welcome!

Carlisle Children's Center is a community-focused early education program that serves infants up through the transition to Kindergarten in a setting that is designed to maximize joy, learning, and exploration.

The focus of this program is to teach children in a fun and creative way. At each age, we provide a developmentally appropriate balance of structure and flexibility, with schedules including:

- Arts-based curriculum
- Music and movement
- Sensory play
- Emergent learning
- Outdoor exploration
- Dramatic play
- Themed lesson plans
- STEAM projects

There is no one-size-fits-all approach to early childhood education.

We have an intentional emphasis on learning through joy, and creating learning experiences that follow each child's unique interests and developmental needs through emergent curriculum.

Our belief is that emphasizing creativity helps kids to develop a foundation of perspective and sense of self that will last a lifetime.

We keep our class sizes small and teacher to student ratios low. Class options are offered Monday through Friday from 8:30am-3:00pm in half and full day increments with three-, four-, and five-day schedules. In addition, parents may extend the half-day program to include lunch or drop off at 8:00am for added flexibility.
